Spring Semester	Capstone Seminar (3- major)
	PH 150A (4- major core)
	PH 150E (3- major core)
	URAP (3)

I'm a Public Health major with Global Poverty and Practice minor. I plan to go to graduate school eventually to get my Masters in Public Health, but before that I would like to travel with fellowships and work abroad. My ultimate goal is to work on health issues in impoverished countries.
